

# ASSEMBLY GUIDE

## DOUBLE DOOR QUADRANT

### Tools Required (not supplied)

Drill

6mm Masonry Drill

Pencil

PH2 Screwdriver

Sealant Gun

2.75mm Drill bit

Spirit level

Tape Measure

### Important Safety/Assembly Instructions

This product should be installed by a suitably qualified and proficient person. The fitting instructions should be followed carefully to ensure a proper and safe installation. Failure to follow these instructions could result in future injury.

These instructions and list of parts assume that installation is done against solid/tiled walls.

Please check this product for damage prior to starting the installation. No claims can be made after the product has been fitted.

PLEASE NOTE :The minimum and maximum adjustment sizes noted on the product brochures are based on perfectly plumb walls and trays.

Item	Description	Image	Qty
1	Wall Channel		2
2	Top/Bottom Profile		2
3	Magnetic strip		2
4	Vertical Seal-1830mm		2
5	Vertical Seal-1760mm		2
6	Gasket		4
7	Wall Plug		6
8	Screw ST3.5x30		14
9	Screw ST3.5x12		6
10	Handle		2
11	Top Roller		4
12	Bottom Roller		4
13	Wall Profile Top Cap-LH		1
14	Wall Profile Top Cap-RH		1
15	Upright Profile Top Cap		2
16	Soft Closing Buffer-LH		2
17	Soft Closing Buffer-RH		2
18	Buffer-LH		2
19	Buffer-RH		2
20	Cover Strip		2
21	Cover Clips		8

**Note:** If the glass has a glass treatment, ensure that the treated side is on the inside of the enclosure. The treated side of the glass will have a label attached to the treated side.

**E.1** Place the wall profiles onto the enclosure. Position the enclosure onto the tray. Ideally the enclosure should be positioned 10mm from the edge of the tray as shown. Centralize the enclosure onto the tray top rim and position vertically plumb using a spirit level.

**E.2** Mark the position for fixing the wall profile using a pencil or a water soluble pen as shown.

**E.3** Remove the enclosure then drill the holes to the wall using  $\varnothing 6$  drill bit as shown.

**E.4** Insert the wall plugs into the wall holes. Re-lift the enclosure onto the tray, secure the wall profile onto the wall.

**G** Drill 3 equally spaced holes with a 2.75mm drill bit through the wall profiles and frame.

**H** Fix the frame to the wall profiles using screws 4x12

**Tips** - In cold weather the seal may be more difficult to fit. In this case it is advisable to warm the seal in some warm soapy water to make it more pliable.

#### Applying Silicone Sealant

##### Sealing Inside

Seal from the top of the wall profile to the bottom on the **INSIDE** between the wall profile and the wall.

**IMPORTANT:** Do not apply sealant on inside of tray.

##### Sealing Outside

Seal only along the bottom rail and glass on the **OUTSIDE** between the profile /glass and the tray. Also up between the wall profile and the wall.

Seal also the joints between the bottom profile and any upright profiles.

**24 HRS**

**DO NOT USE THE  
ENCLOSURE FOR  
24 HOURS AFTER  
SEALING**

## AFTERCARE

### Cleaning Instructions

It is important to clean the shower enclosure after every use. Please wipe down all glass and metal parts with a clean soft cloth. Ensure that all residual water on the glass is removed after every use.

### Usage

For reliable, watertight performance from the enclosure your shower head should not be positioned so that the shower sprays directly onto the enclosure door. Failure to comply with this may cause the shower to leak. Outward opening doors may cause water to drip onto the floor, please ensure that the floor covering immediately outside the enclosure will not be affected by water.

This product has been treated with easy clean glass treatment, a protective barrier which creates a 'non-stick' surface on your glass, helping to resist lime scale build up and water spots.

### Aftercare

Easy clean glass can be cleaned with any suitable nonabrasive glass cleaner - with PH value of between 3-11, the coating will not be damaged. Avoid surfactants and heavily perfumed products. Vinegar and water based products are very effective. Do not use abrasive scrubbing cleaners or equipment for cleaning.
