Heated blower, whirlpool pump & pipework included.

Why Choose Aquair?

AQUAIR WHIRLPOOL BATHS

Why choose Aquair?

Trojan's range of outstanding Aquair whirlpool baths offer the same exceptional quality you've come to expect from Trojan with the added features of a relaxing spa experience.

Quality Components

All components of the whirlpool baths are produced by Kohler, a world renowned expert in whirlpool design and technology. Water is drawn from the bath and forced back through jets. The systems use flexible pipe work, which is smooth, so as not to retain water, yet strong enough to withstand any sagging.

System Choice

Trojan offer a variety of systems which can be upgraded to include a number of different options, including a heated blower, offering an even longer relaxing experience.

Ambient Options

Aquair offer a range of lighting options to help you create the perfect environment to relax in. Choose from a strip of chromotherapy lights which can change colour or be set to a colour that suits your mood, a single light that changes colour or a single colour light.

Attention to Detail

Hygienic drainage is crucial to great design. The pipe work is shaped and supported to promote maximum system drainage and minimal water retention. Ozonators are available for customers wishing to clean the water during use. A cleaning solution is also available to keep your system clean and fresh.

Safety

All whirlpool systems include 'child safety suction'.
Tested to: BS EN 12764:2004+A1:2008.

Quality Assured

By choosing an Aquair system on a Trojan bath there is no third party handling. Trojan control the entire manufacturing process and the fitting of the system itself. Trojan provide their own dedicated service van to ensure that they can provide a prompt and professional after sales backup.

All Trojan baths are factory tested and approved. Trojan test each one of their whirlpool baths under normal working conditions for 40 minutes and then a 20 minute standing period.

Each component part that makes the systems is 100% quality assurance checked prior and during the installation onto the bath by fully trained and approved operators.

All Trojan baths are 100% quality assurance checked at every stage of production prior to any system being fitted.

Pop up waste and overflow supplied & fitted as standard.

2 year guarantee on all systems.

Trojan Only Use Premium Grade Baths In The Production Of Their Whirlpool & Spa Systems

Each Trojan Bath Is Individually Boxed
